

TRI 2023 – Finding your tinnitus community

The TRI 2023 Annual Tinnitus Conference organised in Dublin by the International Tinnitus Research Initiative Foundation, recognises that the goal of research and clinical services is to serve the people with lived experience of tinnitus. Whether it involves studies conducted to understand the mechanism of tinnitus generation or to improve clinical services, people with lived experience of tinnitus should be informed and involved in the steps the professional community are currently taking to improve the quality of care available and moving towards a cure.

Tinnitus Research Initiative Foundation in collaboration with the Global Brain Health Institute, Trinity College Dublin cordially invite you to **TRI 2023 – Finding your tinnitus community** – a public engagement event aimed at creating community among people with lived experience of tinnitus.

During this event, you will learn about the latest developments in tinnitus research and clinical practices. You will also interact with tinnitus patient organisations from around the globe who can provide support and guidelines to manage your tinnitus. You will also witness a sample of how we can build community for tinnitus through the arts.

Join us on Friday, June 9 from 14:00 onwards at the Trinity Business School to find your tinnitus community.

The banner features a blue and white color scheme. On the left, there is a QR code with a 'SCAN ME TO REGISTER' button below it. In the center, a stylized blue tree logo has speech bubbles as leaves. Below the tree, the text reads 'TINNITUS RESEARCH INITIATIVE COMMUNITY EVENT' and '9 JUNE 2023 | TRINITY COLLEGE DUBLIN'. A website link 'www.tri2023.org' is provided in a dark blue box. At the bottom, there are three logos: the Tinnitus Research Initiative logo, the Trinity College Dublin logo (with the text 'Coláiste na Tríonóide, Baile Átha Cliath The University of Dublin'), and the Global Brain Health Institute logo. The background of the banner shows a photograph of Trinity College Dublin's main building.

You can scan the QR code in the image or visit our website: <https://www.lab-clint.org/tri2023/ppi.html> to register. If you have questions please email: triacademy2021@gmail.com
